NOTEIDCA Replacement Plan

Due to failures of the Integrated Dewar Cooler Assemblies (IDCA) on the Stabilized Pay Units (SPU) of the MARFLIR systems received against this contract, FLIR will provide replacement of the IDCA in these systems in an improved design (upgrade) beginning 20 March 2017 at NO COST to the Government.

FLIR will process up to one returned SPU per week. The cycle time for the process will begin at FLIR receipt, and complete at FLIR shipment. For IDCA upgrade, the estimated cycle time will be 14 days. If additional repairs are required, the estimated cycle time will be 21 days.

The upgraded cooler will include a standard, 180 day warranty from time of installation, at no additional cost to the Government. The 180 day warranty will begin at Installation, or 6 months post-delivery, whichever occurs first.

FLIR will provide at NO COST to the Government one additional SPU in the Scoutmaster Configuration (PN 29160-205) for use as a ready spare during the upgrade period (Attachment 2, Bailment Agreement). This SPU will be returned to FLIR when the upgrade process is complete. This additional SPU will be available by 20 March 2017.
